ALEKS Tutorial

You will now learn how to enter your answers into ALEKS. Click in the blue box below.

Using the keyboard, type "14".
Action drop down - How to switch classes, when students need to add/drop during first week of each half semester session. When the week is over “switch to new class” will disappear. At the beginning of the new 7.5 week course students will use the “Sign up for a new class”. For open learning sections the administrator will drag and drop the student to the correct course (as before). (See open learning instructions on the instructor website.)
Switch to a new class

Before switching to a new class, please note:

- After you switch to the new class, you will no longer be able to access your current class ("Beginning Algebra / Math 10033: Basic Algebra I - 12345") or any of the progress you have made in that class.
- You may need to complete an Initial Assessment in your new class.

Please enter the new course code:

Course code: [ ] - [ ]
