

New Temporary Access Info Guide

Changes to Temporary Access:

- No more 'Temporary Access' tab in the left hand navigation
(students will not need a Temporary Access Code)
- Two-step process to get 14 days of Temporary Access
- 14 days of Temporary Access will begin on the day that the student registers for Temporary Access, regardless of Term Start Date
(previously, Temporary Access was aligned with Term Start Date)

Registering for Access:

- Students will be prompted with 3 enrollment options to gain access to their course:
 1. *Pay Later*
 2. *Access Code*
 3. *Buy Now (if available)*

1. Registering for Temporary Access – *Pay Later*

- Students who do not yet have a purchased access code, and who do not wish to purchase access to their course directly, can choose the 'Pay Later' option to gain Temporary Access to their Course:

The screenshot shows the 'Steps to Register' process. The first step, 'Product Selection', is active. Below the title, there are three radio button options: 'Access Code', 'Buy Now', and 'Pay Later'. The 'Pay Later' option is selected, and a red arrow points to it. Below the options, there is a description: 'Get temporary access to your course for 14 days without payment. You will be prompted to pay by credit card or with an access code once your temporary access period has expired on 08/07/2015.' At the bottom right, there are two buttons: 'Cancel' and 'Next' with a right-pointing arrow.
